As postal regulations are subject to change, Client is also 100% responsible for complying with current mailing restrictions for backside layouts. Check with a local Post Office for specific instructions and regulations.

Color Matching: Due to the differences in equipment, paper, inks and other conditions between color proofing and production, a reasonable variation in color between color proofs and the completed job is expected. All postcards are "gang printed," not printed as separate individual orders. Pure Postcards, Inc. will reproduce color from submitted photos as closely as possible, but cannot exactly match color and density because of limitations in the printing process, as well as neighboring image ink requirements. The accuracy of each color reproduction is guaranteed to be within approximately 85 to 90% of the original image submitted. Pure Postcards, Inc. accepts no responsibility for color variations between submitted images and the actual artwork or product they represent.

Shipping & Handling: All shipping and handling are additional to the cost of the printing order. Calculate shipping charges based on the chart below. Prices are based on a quantity of 5,000 cards via UPS, F.O.B. of Clearwater, FL. Please contact your representative for higher quantities.
